**PETITION TO REPLACE SHY PLAN "OTHER MEMBER" OF THE HEALTH  
BENEFIT PROGRAM COMMITTEE.**

**PETITION TO REPLACE SHY PLAN "OTHER MEMBER" OF  
THE HEALTH BENEFIT PROGRAM COMMITTEE.**

**To: The Honorable Walter Herbert Rice**, United States District Court for the Southern District of Ohio, Western Division with regard to Shy vs. Navistar (3:92cv333).

Petitioner, **JACK D. HALL**, hereby requests that this Court consider this Petition pursuant to Article VI. Health Benefit Program Committee of the Navistar Retiree Health and Life Insurance Plan ("Shy Plan") which is a constituent part of the Shy Consent Judgment (3:92cv333) for which this Court has retained continuing jurisdiction. (All capitalized terms used herein have the meanings described or as defined in the Shy Consent Judgment documents.)

1. Jack D. Hall is a Shy Plan 2 (Medicare) Participant and was a salaried, non-represented employee of Navistar, Inc. at the time of his retirement from Navistar in 1983. He maintains offices at 40 East Ash, Canton, IL 61520. (309.647.8380)  
[jdhallagency@gmail.com](mailto:jdhallagency@gmail.com).
2. This Petition seeks to have this Court replace the current (and original) HBPC Other Member of the Health Benefit Program Committee ("HBPC"), Mr. John Mindiola, pursuant to the provisions of Section 6.6 of the Shy Plan that states, in part, as follows:

**"...The HBPC Other Member or either of the HBPC Other Member Alternatives may also be replaced by the Court upon petition signed by not less than 50 Participants who are Non-Represented Employees, Present Employees who are not represented by the UAW or Retirees who were not represented by the UAW at the time of their retirement, for failure adequately to represent the Participants."**

3. As this Court noted in a final footnote to its Remedial Order entered on September 30, 2011 in connection with the Shy prescription drug plan dispute: "Parenthetically a fully functional HBPC does not even exist." There are many aspects of the HBPC's Shy Plan and ERISA obligations and duties to administer and oversee the structure and operation of the Shy Plan that are seriously deficient such that the non-represented Shy Plan Participants are not receiving the full benefits as specified and provided by the Shy Consent Judgment. There currently is no one serving on the HBPC who has actively exerted his or her authority to try to correct this situation for the benefit of the non-represented Shy Plan Participants or, for that matter, for the benefit of all Shy Plan Participants.
4. Specifically, we allege that the HBPC has not provided needed oversight of Navistar's obligations and duties as the Shy Plan Administrator with respect to: a.) proper determinations of Shy Plan eligibility, b.) timely preparation and filing of Summary Annual Reports and ERISA Forms 5500, c.) the Shy Plan 2 (Medicare) structure that is required to have Medicare as primary and the Shy Plan as secondary (Shy Plan 2 is

currently structured in direct contravention of this mandate). The HBPC itself has been in consistent violation of its own Shy Plan and ERISA fiduciary obligations and duties in failing to participate in the preparation of or even in a review of the Summary Annual Reports and Form 5500 where it would have noticed that Navistar had been paying Shy life insurance premiums out of the Shy base plan VEBA Trusts for ten years that it should have been paying out of its own corporate accounts (Navistar entered into a Voluntary Fiduciary Correction Program Agreement with the Department of Labor, admitted it had violated its ERISA fiduciary duties and repaid the Shy VEBA Trust \$28 million in May, 2013). The HBPC violated its own fiduciary duties to the retirees in failing to cause Navistar to fully comply with this Court's September 30, 2011 Remedial Order to restore the (original) Shy prescription drug plan benefits for the Shy Plan 2 Participants (Navistar continues to maintain a separate plan (SilverScript) apart from the prescription drug benefit plan provided to Shy Plan 1 Participants (Caremark). The HBPC recently failed to apply the Shy Settlement Agreement mandated protocol for making final determinations of Shy Plan eligibility without deference to Navistar's determinations for three HBPC Petitions seeking to add three qualified individuals to Exhibit C List of Class Members and find that these Petitioners were qualified to be eligible for Shy Plan benefits (the HBPC was apparently even unaware of the fact that Navistar has utterly failed to maintain Exhibit C List of Class Members to the Shy Settlement Agreement that was intended to be an accurate, up to date, listing of all Shy Participants and Shy "grow-ins.") There is a discrepancy of 9,864 and 1,574 reported Shy Participants and Shy "grow-ins," respectively, by Navistar in its 2009 Form 5500 filing and by the Supplemental Benefit Committee ("SBC") in its 2011 annual report; no one appears to be concerned or working to create a reliable report for these critical numbers. The HBPC is ignoring the obligation of the Shy Plan to provide Shy Plan 2 Participants with Explanation of Benefit forms after payment of their annual out-of-pocket limit as required by Center for Medicare and Medicaid Services to combat Medicare fraud by service providers. In his over twenty years of service on the HBPC Mr. Mindiola has never communicated with non-represented Shy Participants to inform them about the current status of their Shy Plan benefits, changes to the Shy Plan or any issues or disputes with Navistar, Inc. or those acting as the Shy Plan Administrator. While we believe that the entire HBPC should be replaced and that these and other problems be addressed, we apparently have standing to ask only that the Other Member be replaced through the Petition process.

5. Jack D. Hall has been actively involved in the health insurance business since 1984 and has owned and operated his own insurance agency by the name of Jack D. Hall Insurance Agency in Canton, Illinois for the past 20 years where he has designed and implemented comprehensive employee and retiree health care plans for a large number of corporations and municipalities. He has also provided claims and administrative assistance both to his customers and to local service providers. He has provided advanced claims processing training to administrative personnel of local service providers. He has been very active in

providing help and information to Shy Participants to help them with their healthcare claims disputes and service providers' disputes. Over the years he has offered Navistar managers, the HBPC and the SBC timely and authoritative advices for issues he became aware of that would make the administration of the Shy Plan healthcare benefits better and more cost effective and to be in better compliance with regulatory mandates. In the vast majority of cases this advice has been ignored by the HBPC and Navistar. Several, but not all of his ideas have, however, been pursued by the SBC.

6. The signatories to this Petition firmly believe that if Jack D. Hall replaces the current HBPC Other Member that potentially significant actions can be implemented to make the HBPC more effective and more compliant with the terms of the Shy Plan and ERISA law.

This Petition has been signed in several counterparts that shall be treated as a single Petition.

This Petition was prepared by and circulated by William W. Jones, 407 Mistwood Ct. Spring Hill, Florida 34609 (352.666.6434) [billyyachts@aol.com](mailto:billyyachts@aol.com). Mr. Jones was a former Associate General Counsel for Navistar, Inc. and is a Shy Plan 2 Participant and was a non-represented, salaried employee of Navistar at his retirement date from Navistar. Mr. Jones will provide the Court with any additional information or documentation that it may request.

Respectfully submitted this 28th day of November, 2013:

providing help and information to Shy Participants to help them with their healthcare claims disputes and service providers' disputes. Over the years he has offered Navistar managers, the HBPC and the SBC timely and authoritative advices for issues he became aware of that would make the administration of the Shy Plan healthcare benefits better and more cost effective and to be in better compliance with regulatory mandates. In the vast majority of cases this advice has been ignored by the HBPC and Navistar. Several, but not all of his ideas have, however, been pursued by the SBC.

6. The signatories to this Petition firmly believe that if Jack D. Hall replaces the current HBPC Other Member that potentially significant actions can be implemented to make the HBPC more effective and more compliant with the terms of the Shy Plan and ERISA law.

This Petition has been signed in several counterparts that shall be treated as a single Petition.

Over the years he has offered Navistar managers, the HBPC and the SBC timely and authoritative advices for issues he became aware of that would make the administration of the Shy Plan healthcare benefits better and more cost effective and to be in better compliance with regulatory mandates. In the vast majority of cases this advice has been ignored by the HBPC and Navistar. Several, but not all of his ideas have, however, been pursued by the SBC.

6. The signatories to this Petition firmly believe that if Jack D. Hall replaces the current HBPC Other Member that potentially significant actions can be implemented to make the HBPC more effective and more compliant with the terms of the Shy Plan and ERISA law.

This Petition has been signed in several counterparts that shall be treated as a single Petition.

training to administrative personnel of local service providers. He has been very active in providing help and information to Shy Participants to help them with their healthcare claims disputes and service providers' disputes. Over the years he has offered Navistar managers, the HBPC and the SBC timely and authoritative advices for issues he became aware of that would make the administration of the Shy Plan healthcare benefits better and more cost effective and to be in better compliance with regulatory mandates. In the vast majority of cases this advice has been ignored by the HBPC and Navistar. Several, but not all of his ideas have, however, been pursued by the SBC.

6. The signatories to this Petition firmly believe that if Jack D. Hall replaces the current HBPC Other Member that potentially significant actions can be implemented to make the HBPC more effective and more compliant with the terms of the Shy Plan and ERISA law.

This Petition has been signed in several counterparts that shall be treated as a single Petition.

providing help and information to Shy Participants to help them with their healthcare claims disputes and service providers' disputes. Over the years he has offered Navistar managers, the HBPC and the SBC timely and authoritative advices for issues he became aware of that would make the administration of the Shy Plan healthcare benefits better and more cost effective and to be in better compliance with regulatory mandates. In the vast majority of cases this advice has been ignored by the HBPC and Navistar. Several, but not all of his ideas have, however, been pursued by the SBC.

6. The signatories to this Petition firmly believe that if Jack D. Hall replaces the current HBPC Other Member that potentially significant actions can be implemented to make the HBPC more effective and more compliant with the terms of the Shy Plan and ERISA law.

Subject: To All Shy Plan NICARC Members who have not already signed the Bill Jones "Petition" at the luncheon

To All Shy Plan NICARC Members:

This is a NICARC web-site posting and email from Bill Jones. Bill retired from the Corporate Law department and for many years has been assisting the non-UAW-represented Shy Participants on legal issues with respect to the Shy Consent Judgment.

Most recently, as many of you will remember, was the Silver Script drug plan issue. As you may recall, the Shy Consent Judgment provides for two committees to oversee the retiree health care trusts. One is the Health Benefit Plan Committee (HBPC) consisting of three (3) Company members, two (2) UAW members and one (1) "other" member representing "non-represented" retirees. The "other" position is filled by John Mindiola who was a Waukesha Wisconsin plant steelworker. There is a seventh member who is independent and serves as chairperson of the committee.

The second committee is the Supplemental Benefit Plan Committee and is not the subject of any Bill Jones Activity at this time. Bill has been very active over the past three years in trying to understand the operation of the Shy retiree healthcare plan and defend the Shy Participants with regard to several alleged "assaults" on our benefits by Navistar to reduce its "retiree legacy problem" costs and its reported \$1.6 billion in Aggregated Post-retirement Benefits Obligations ("APBO"). A current action Bill is undertaking is to try and replace the current incumbent "Other Member" of the Health Benefit Program Committee with Jack Hall, as described below.

Bill has prepared a Petition to Judge Rice pursuant to the terms of the Shy Consent Judgment that will accomplish this goal. He needs at least 50 signatures. As you may already know, John Stiso gathered many of our signatures at the Luncheon this week but Bill would like to get as many signatures as he can to show an overwhelming support of this proposal. This posting and email is intended to give all Shy Participants a better idea of what is involved if they have not already signed the petition with John at the NICARC luncheon. Also included is a copy of the Petition with a signature page that readers can use to sign this Petition at home and send directly to Bill at his Florida address. With our mounting frustration with the administration of the Shy Retiree Healthcare Plan by Navistar, the UAW leadership, Retiree Class Counsel and the Health Benefit Plan Committee, a small group of Shy Plan Participants have decided to become more assertive on behalf of all the "non-represented" Shy Participants to better protect our rights and interests under the Shy Consent Judgment. I (Bill) have prepared a Petition that will be presented to Judge Rice that follows the Shy Consent Judgment protocol for replacing the "Other Member" of the Health Benefit Plan Committee.

The HBPC membership is as follows: three Navistar Members (Dan Pikelny, Barry Morris and a vacancy where Annette Freund used to be; two UAW Members (Sarah Doyle and Craig Miller, both UAW employees at Solidarity House in Detroit) and one "Other Member" (currently Don Mindiola, a United Steel Worker represented Navistar retiree out of Waukesha). The Shy documents provide for an ad hoc "Seventh Neutral Member" of the HBPC to be appointed from time to time by agreement of the other members but that provision has not proved "workable" in practice such that the HBPC is often deadlocked and ineffective. The performance of the HBPC in recent years has been shameful especially in dealing with Navistar's open assaults on the Shy Plan to reduce its retiree costs and APBO. The Shy Consent Judgment provides a mechanism to replace the "Other" Member of the HBPC through a Petition to the Judge stating that the incumbent "Other" Member has failed to adequately represent the non-UAW-represented Shy Participants that is signed by at least 50 non-UAW-represented Shy Participants. The attached Petition conforms to those requirements and seeks to replace Mr. Mindiola with Jack Hall who is a Shy Plan 2 (Medicare) non-represented Participant and a respected Canton, Illinois insurance expert who has been very active in helping local Navistar retirees to navigate the Shy Plan and in offering authoritative advice and suggestions to Navistar, the HBPC and the SBC on how to make the Shy Plan be structured better and administered better and to be more in compliance with governmental regulations. We feel that he could be even more effective if he served on the Health Benefit Plan Committee (HBPC).

This Petition is being circulated at the retiree holiday parties in Canton and Chicago and I am posting and emailing a version here that any non-represented Shy Plan Participant or Surviving Spouse Participant is urged to sign and return to me (Bill Jones). I would prefer that you mail a signed page (you don't have to include the entire Petition) to me via US Postal service at 407 Mistwood Court, Spring Hill, Florida 34609 but I will accept scanned and emailed copies. I believe that this Petition cannot be contested by Navistar or the UAW as they have no recognized involvement in this process. Retiree Class Counsel in Washington, D.C. (who is on the Court record as representing all Shy Participants) has made it clear in word and in deed, that he is paid by the International UAW and directed by the UAW such that he will not take actions on behalf of the non-represented Shy Participants that are not also specifically supported by the International UAW. We have retained highly regarded Chicago counsel to represent the 17,000 non-represented Shy Participants (and RPSE Participants) as Shy Co-Class Counsel (or Lead Class Counsel for RFPSE matters) in all federal courts (at no cost to the Participants). I believe that if we collect and present several hundred signatures instead of the minimum fifty, the message to Judge Rice will be stronger. As part of our overall litigation strategy we will be making the case that the non-represented Shy Participants have truly not been "represented" before the Court. Thank you, we appreciate your support of our efforts. Bill Jones, 407 Mistwood Court, Spring Hill, Florida 34609 If you wish to sign the petition you may print out the Signature Page below and mail to Bill:

training to administrative personnel of local service providers. He has been very active in providing help and information to Shy Participants to help them with their healthcare claims disputes and service providers' disputes. Over the years he has offered Navistar managers, the HBPC and the SBC timely and authoritative advices for issues he became aware of that would make the administration of the Shy Plan healthcare benefits better and more cost effective and to be in better compliance with regulatory mandates. In the vast majority of cases this advice has been ignored by the HBPC and Navistar. Several, but not all of his ideas have, however, been pursued by the SBC.

6. The signatories to this Petition firmly believe that if Jack D. Hall replaces the current HBPC Other Member that potentially significant actions can be implemented to make the HBPC more effective and more compliant with the terms of the Shy Plan and ERISA law.

Over the years he has offered Navistar managers, the HBPC and the SBC timely and authoritative advices for issues he became aware of that would make the administration of the Shy Plan healthcare benefits better and more cost effective and to be in better compliance with regulatory mandates. In the vast majority of cases this advice has been ignored by the HBPC and Navistar. Several, but not all of his ideas have, however, been pursued by the SBC.

Member has failed to adequately represent the non-UAW-represented Shy Participants that is signed by at least 50 non-UAW-represented Shy Participants. The attached Petition conforms to those requirements and seeks to replace Mr. Mindiola with Jack Hall who is a Shy Plan 2 (Medicare) non-represented Participant and a respected Canton, Illinois insurance expert who has been very active in helping local Navistar retirees to navigate the Shy Plan and in offering authoritative advice and suggestions to Navistar, the HBPC and the SBC on how to make the Shy Plan be structured better and administered better and to be more in compliance with governmental regulations. We feel that he could be even more effective if he served on the Health Benefit Plan Committee (HBPC).

This Petition is being circulated at the retiree holiday parties in Canton and Chicago and I am posting and emailing a version here that any non-represented Shy Plan Participant or Surviving Spouse Participant is urged to sign and return to me (Bill Jones). I would prefer that you mail a signed page (you don't have to include the entire Petition) to me via US Postal service at 407 Mistwood Court, Spring Hill, Florida 34609 but I will accept scanned and emailed copies. I believe that this Petition cannot be contested by Navistar or the UAW as they have no recognized involvement in this process. Retiree Class Counsel in Washington, D.C. (who is on the Court record as representing all Shy Participants) has made it clear in word and in deed, that he is paid by the International UAW and directed by the UAW such that he will not take actions on behalf of the non-represented Shy Participants that are not also specifically supported by the International UAW. We have retained highly regarded Chicago counsel to represent the 17,000 non-represented Shy Participants (and RPSE Participants) as Shy Co-Class Counsel (or Lead Class Counsel for RFPSE matters) in all federal courts (at no cost to the Participants). I believe that if we collect and present several hundred signatures instead of the minimum fifty, the message to Judge Rice will be stronger. As part of our overall litigation strategy we will be making the case that the non-represented Shy Participants have truly not been "represented" before the Court. Thank you, we appreciate your support of our efforts. training to administrative personnel of local service providers. He has been very active in providing help and information to Shy Participants to help them with their healthcare claims disputes and service providers' disputes. Over the years he has offered Navistar managers, the HBPC and the SBC timely and authoritative advices for issues he became aware of that would make the administration of the Shy Plan healthcare benefits better and more cost effective and to be in better compliance with regulatory mandates. In the vast majority of cases this advice has been ignored by the HBPC and Navistar. Several, but not all of his ideas have, however, been pursued by the SBC.

6. The signatories to this Petition firmly believe that if Jack D. Hall replaces the current HBPC Other Member that potentially significant actions can be implemented to make the HBPC more effective and more compliant with the terms of the Shy Plan and ERISA law.

Over the years he has offered Navistar managers, the HBPC and the SBC timely and authoritative advices for issues he became aware of that would make the administration of the Shy Plan healthcare benefits better and more cost effective and to be in better compliance with regulatory mandates. In the vast majority of cases this advice has been ignored by the HBPC and Navistar. Several, but not all of his ideas have, however, been pursued by the SBC.

6. The signatories to this Petition firmly believe that if Jack D. Hall replaces the current HBPC Other Member that potentially significant actions can be implemented to make the HBPC more effective and more compliant with the terms of the Shy Plan and ERISA law.

providing help and information to Shy Participants to help them with their healthcare claims disputes and service providers' disputes. Over the years he has offered Navistar managers, the HBPC and the SBC timely and authoritative advices for issues he became aware of that would make the administration of the Shy Plan healthcare benefits better and more cost effective and to be in better compliance with regulatory mandates. In the vast majority of cases this advice has been ignored by the HBPC and Navistar. Several, but not all of his ideas have, however, been pursued by the SBC.

6. The signatories to this Petition firmly believe that if Jack D. Hall replaces the current HBPC Other Member that potentially significant actions can be implemented to make the HBPC more effective and more compliant with the terms of the Shy Plan and ERISA law.

This Petition has been signed in several counterparts that shall be treated as a single Petition.

Washington, D.C. (who is on the Court record as representing all Shy Participants) has made it clear in word and in deed, that he is paid by the International UAW and directed by the UAW such that he will not take actions on behalf of the non-represented Shy Participants that are not also specifically supported by the International UAW.

We have retained highly regarded Chicago counsel to represent the 17,000 non-represented Shy Participants (and RPSE Participants) as Shy Co-Class Counsel (or Lead Class Counsel for RFPSE matters) in all federal courts (at no cost to the Participants).

I believe that if we collect and present several hundred signatures instead of the minimum fifty, the message to Judge Rice will be stronger. As part of our overall litigation strategy we will be making the case that the non-represented Shy Participants have truly not been "represented" before the Court.

Thank you, we appreciate your support of our efforts.

providing help and information to Shy Participants to help them with their healthcare claims disputes and service providers' disputes. Over the years he has offered Navistar managers, the HBPC and the SBC timely and authoritative advices for issues he became aware of that would make the administration of the Shy Plan healthcare benefits better and more cost effective and to be in better compliance with regulatory mandates. In the vast majority of cases this advice has been ignored by the HBPC and Navistar. Several, but not all of his ideas have, however, been pursued by the SBC.

6. The signatories to this Petition firmly believe that if Jack D. Hall replaces the current HBPC Other Member that potentially significant actions can be implemented to make the HBPC more effective and more compliant with the terms of the Shy Plan and ERISA law.

This Petition has been signed in several counterparts that shall be treated as a single Petition.

This Petition was prepared by and circulated by William W. Jones, 407 Mistwood Ct. Spring Hill, Florida 34609 (352.666.6434) [billyachts@aol.com](mailto:billyachts@aol.com). Mr. Jones was a former Associate General Counsel for Navistar, Inc. and is a Shy Plan 2 Participant and was a non-represented, salaried employee of Navistar at his retirement date from Navistar. Mr. Jones will provide the Court with any additional information or documentation that it may request.

Respectfully submitted this 28th day of November, 2013:
